Some of the Councillors, he said, feit strongly that whatever special services Dr. Clothier had performed in respect of the Finchley patients should be properly paid for in the form of a supplemental vote of money which could not be labelled technically as salary, so that if when the new Borough Council gets to work Dr. Clothier should elect to retire on superannuation its amount should not be inflated by being calculated upon any sum in excess of his actual salaries of £550 per annum. Here again Dr. Clothier was sweet reasonableness itself. Instantly he waived the point. He was quite willing that anything he received for the special work of attending to the Finchley patients should not be taken into account in respect to future superannuation allowance. Nevertheless, the painful tension in the room still prevailed. Evidently, the speakers had not yet "touched the spot" of the crucial difference between the Doctor and the

MR. SLOPER'S ADIEU

EVERYTHING POSSIBLE TO AVOID BELIGIOUS

When routine business had been dealt with at Tuesday's meeting of the Hornsey Education Authority, Dr. Brackenbury (vice chairman) submitted a resolution to which most hearty support was accorded. In pro. posing that the cordial thanks of the com. mittee should be given to Mr. E. W. Sloper (the chairman) for the able and corteous manner in which he had discharged the duties of his office, Mr. Brackenbury re. marked that Mr. Sloper's tenure of the position had not been a lengthy one, but it had not been an altogether easy task to conduct for the first time the business of a committee of a composite order such as that was, but Mr. Sloper's desire to be impartial and his clear thinking and courteous expression of opinion had helped the committee over all difficulties. For all those qualifications they

wished to thank Mr. Sloper. (Applause.). Mr. James Butler (former chairman of the Hornsey School Board), as representing the co-opted members and the members of the late School Board, wished to second the resolution. Everyone who had sat there under the presidency of Mr. Sloper could not Mr. Sydney Pontefract, B.A., Assistant fail to acknowledge his ability, his fairness, master in the Latymer Upper School, Ham. was the least that was due to him. (Hear, hear.)

The resolution was adopted with unani-

mity.

Mr. Sloper, in acknowledgment, remarked that he valued very highly the kind expressions of opinion. When it was seen that the District Council would have to take over the ducational work, and to consider how the Education Committee was to be constituted, he, for one, determined that he would do to those who had been co-opted, and espe-School Board, whose long experience had been of great value to them. (Hear, hear.) Mr. Sloper finally intimated that, owing to business engagements, he would not be among them when the new committee was formed. However, he hoped they would continue as they had begun, and all religious strife would be kept out of the committee's deliberations. (Applause)
